Motorcycle Chain Lube Spray – MT-1040

Molytech Products Private Limited presents **MT-1040 Motorcycle Chain Lube Spray**, a premium synthetic oil-based adhesive chain lubricant designed for motorcycles and high-performance automotive chains. Engineered to withstand extreme loads and humid environments, this spray delivers long-lasting lubrication without flinging off, ensuring smoother operation and extended chain life.

Applications:

Specially formulated for motorcycle chains, automotive drive chains, sprockets, and other chain-driven components operating under high loads, speed, and humid conditions.

Features & Benefits:

- Adhesive formula ensures strong film strength and prevents fling-off
- Provides superior lubrication and protection in humid and wet environments
- Reduces wear, friction, and noise for smooth chain operation
- Extends chain and sprocket life under demanding riding conditions
- Resistant to water washout and corrosion
- Convenient aerosol spray for easy and precise application

Choose **MT-1040 Motorcycle Chain Lube Spray** from Molytech Products Private Limited for reliable, adhesive lubrication that keeps your motorcycle chain running smoother, longer, and safer.
