Solvent Based Cleaner & Degreaser – MT-1050

Molytech Products Private Limited presents **MT-1050 Solvent Based Cleaner & Degreaser**, a fast-evaporating and residue-free cleaning solution designed for quick and effective removal of oil, grease, dirt, and contaminants. Formulated without harmful chemicals, it ensures safe usage while delivering powerful degreasing performance for industrial and maintenance applications.

Applications:

Ideal for cleaning electrical components, precision parts, tools, machinery, automotive assemblies, and surfaces requiring residue-free degreasing. Particularly suitable where quick drying and clean finish are critical.

Features & Benefits:

- Fast evaporating formulation for efficient cleaning
- Leaves no residue after application
- Safe formulation — free from harmful chemicals
- Provides powerful degreasing for oils, grease, and carbon deposits
- Suitable for sensitive applications requiring clean, dry surfaces
- Improves maintenance efficiency and equipment reliability

Choose **MT-1050 Solvent Based Cleaner & Degreaser** from Molytech Products Private Limited for safe, effective, and residue-free cleaning in industrial and automotive environments.
