

## **Molytech Products Private Limited**

### **Aimol Food grade Grease ASP2 (NSF H1 Certified)**

**Molytech Products Private Limited** offers **AIMOL Foodline Grease ASP 2**, a premium **aluminum complex food-grade grease** designed for versatile lubrication in food, beverage, and pharmaceutical industries. Formulated with a synthetic base oil, complex soap thickener, advanced additives, and solid lubricants, it provides excellent wear protection and superior performance in demanding environments.

### **Applications:**

- Conveyor chains in food processing plants
- Bearings, joints, and moving parts in wet or humid conditions
- Packaging machinery in beverage and dairy industries
- Multi-purpose food-grade grease for general lubrication needs

### **Features & Benefits:**

- **NSF H1 Certified:** Safe for incidental food contact
- **Superior Water Resistance:** Performs reliably in wet environments
- **High Performance:** Excellent anti-wear and corrosion protection
- **Versatile Use:** Suitable for almost any application requiring food-grade grease
- **Extended Equipment Life:** Reduces friction, wear, and downtime

Choose **AIMOL Food line Grease ASP 2** from **Molytech Products Private Limited** for **safe, certified, and long-lasting lubrication** in food, beverage, and pharmaceutical industries.
